

**The American Legion BOYS' STATE
of Kansas**

**June 1-7, 1986
49th Session**

A Message from the Executive Director

The 49th session of The American Legion Boys' State of Kansas is now history.

I am sure there are events and people you will long remember and in later life, will look back upon with fond memories. I thank you for the time and hard work you put forth to make this session a success.

I again thank the Counselors, Advisors and the Boys' State Staff for their dedicated service to this program. It is greatly appreciated.

As Executive Director of the 49th session of Boys' State I extend my sincere congratulations and wish you much success in your future. GOOD LUCK and God bless.

Sincerely,

Ralph J. Lipton

BOYS' STATE HISTORY

"To inculcate a sense of individual obligation to the community, state and nation" is the purpose of the American Legion Boys' State program which was organized by the Department of Illinois in 1935.

The Department of Kansas, holding charter number 5, was among the first to institute this fine week-long government-in-action program. Now, virtually every state American Legion, realizing the programs potential for educating youth in practical politics and government operation, has set up its own Boys' State. Boys' State operates under the American Legion Department of Kansas and the Board of Directors of Boys' State.

Kansas Boys' State was headquartered in Wichita for 26 years before moving to its current home. In 1963, realizing the need to provide larger and more suitable accommodations, the American Legion moved the program to the University of Kansas campus in Lawrence. The first session was held in Templin and Lewis Halls but expanded to include Hashinger Hall in the second year of operations. A portion of Ellsworth Hall was used for the 1968 session when enrollment peaked at about 1,000 delegates.

No longer is the program limited by its physical facilities. It is available to any high school senior-to-be who meets the academic standards and demonstrates leadership qualities. Civic and Church groups as well as American Legion posts sponsor delegates to this fine "learning-by-doing" youth government program.

Over 40,000 young men from Kansas, 784 delegates this year alone, have participated in Boys' State performing every function of city, county, and state government. Selected former delegates, about 80 of them, return each year to serve as counselors. In addition, 40 legionnaires return to assist the counselors in running the program.

During each session two fortunate staters are chosen to represent Kansas as "Senators" of Boys' Nation. The American Legion Boys' Nation program convenes in Washington, D.C. in mid-July where they participate in a national government program as well as meeting with the Kansas congressional delegation.

Schmidt, Curtis Staley, Jim Rippe.

Patrick J. Finley, better known to most in the Boys' State program as "Pat" has been involved with Boys' State for many years. Pat was very instrumental in getting the program moved to its present location on the KU campus in 1963, and served as its first Executive Director in Lawrence.

Pat has not only served the American Legion and its programs but has served countless youth through the Juvenile Court system in the Kansas City area, helping to make them better citizens of our state. Pat, a member of Shawnee Legion Post 372, was honored at the beginning of the 1986 Boys' State session for his past achievements and participation.

Pat to you we say thanks for your hours of untiring service to the program and its participants. We will hold many fond memories of you for years to come. Congratulations and thank you again for a job well done!

Logo for 50th Year of Kansas Boys' State

A contest was held during the 49th session to produce ideas on a Logo for our 50th Anniversary of The American Legion Boys' State of Kansas.

We specified three items that would have to be on the Logo: 50th Anniversary, the words Kansas Boys' State and the American Legion emblem.

There were twelve entries in the Logo contest. This logo is a slight modification of the logo submitted by Heath Kolman of Beloit. Heath was awarded a Boys' State jacket for his winning entry.
